

The Lord's Prayer (arr by Hye Yeon Hwang)

This piece was composed by Albert Han Malotte (1894-1964) an American pianist, composer and educator. The Lord's Prayer is one of the most spoken prayers and this soulful melody makes this a deeply moving song.

Widmung (Dedication) Schuman/Liszt

Robert Shumann, the mad genius of the Romantic Period (??) wrote this beautiful melody as his wedding dedication to his beloved Clara. The emperor of the piano at that time Franz Liszt arranged the melody as a piano solo. Personally, everytime I hear this played I feel deeply emotional and I dedicate today's performance with all my heart to my dearest Mother who first taught me the piano, and to all of you here today.

Adios Nonino (Tango Rhapsody)

Adios Nonino is a Astor Piazzella composition. Piazzella known for his Tango Argentina song. This terribly sad melody was written in October of 1959 while in NY in memory of his Father who had just recently passed away a few days earlier. It has a mysterious air, a melody that plays off a very strong rhythmic foundation, then it changes key and finally that glorious ending with a sad resolution. It has the feeling of family love at Christmas to me.
